

Author and Life Skills Coach

Dear Technology Managers

- Do you know what IT assets you have in your organization?
- Do you know where they are and who is using them?
- Are you maintaining all IT assets as per their invoiced condition?
- Do Technology and Finance-Audit departments have frequent battles over management of expensive assets?
- Do you have excess items and know what it's costing to maintain them?
- Do you want to optimize assets and save costs?
- Do you want to establish a professional department to manage the complete lifecycle of IT Assets starting from requisition to disposal?

You don't have to do this journey on your own. Just hire me as your IT Asset Coach and simplify your Asset Management.
